Camden McClellands Portfolio Made In Class

Ever since I was a kid, I've been fascinated by technology and figuring out how it works. ~~Always~~ Now that I'm finishing college, I finally have the knowledge of how these advanced technologies work. Over the past 6 years I have dedicated my time into focusing on ~~the~~ expanding that knowledge and building the foundation to be career ready fresh out of college.

Personas

1. Recruiters in the game design field
2. Companies interested in freelance work
3. High school students trying to learn how to get in the field

Comps

1. Notch + Jeb (Minecraft)
2. Scott Cawthon (Five Nights at Freddy's)
3. EA ~~sports~~ Edit* Brandon Pearce

Camden McClelland's Portfolio

I am a Video Game Designer that is proficient in as far as environment, UI, Gameplay, and Coding. I also am well-versed in Marketing, where I am proficient in Social Media, Adobe Products, and much more.

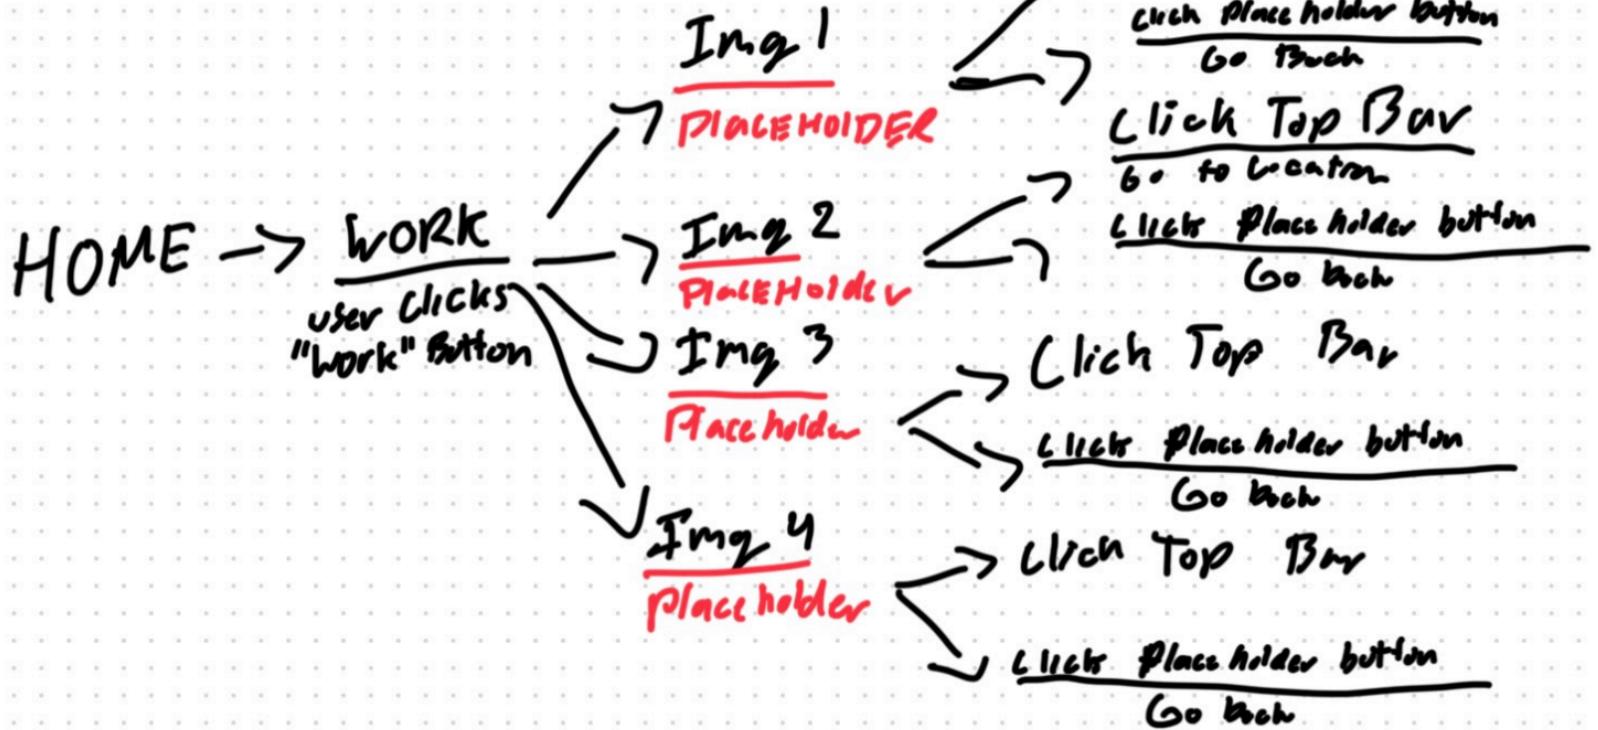

I've always been fascinated by technology and how it works. As I get older, I develop and learn more everyday involving multimedia game and web design, digital content creation, and social media management. With growing hands-on experience at Simcoach Games and in corporate events at MediaQuest, I'm eager to continue to apply my skills and flourish in the tech and design industry.
